# Guidelines To participate in SIP 2020

1. Students are allowed to register with 3 companies at most.
2. False information provided in the registration form will lead to suspension from SIP.
3. All the candidates will be judged on the following parameters:
   - Aptitude/Technical Test Score
   - CGPI
   - Projects done in the relevant domain
4. A common aptitude test will be conducted on 16 February. Admit Cards will be sent through e-mail to the registered candidates.
5. CVs will be sent to the companies after cumulative evaluation of all the parameters according to company vacancies.
6. Registration process is completely online through www.ecellnith.org
7. All the relevant information, announcements will be done through Instagram and LinkedIn page of E-Cell. So, make sure to follow both the social media handles.
8. Before proceeding to registration process, go through the eligibility criteria of the companies. Once the registration form is submitted, no changes will be entertained.
9. Select the companies based upon your skill set and company domain.
10. Before registering, do proper homework regarding the company location and facilities provided.
11. E-Cell will follow strict deadline for the registration process which will end on 13 February at 11.00 pm. No registrations will be allowed after the deadline.
12. Registration form requires to upload your CV, so make sure you have the pdf version of your CV before proceeding to Registration Form.
